Inclusive Place-Making & the Value of Lived-Experience Panel & Design Charette

Please join us for a **4-hour innovation hub** exploring the **past, present, and future of an urbanized world**, through the lens of architecture, planning, and design. A critical deep-dive exploration of **creative place-making through, social, economic and environmental value, and funding structures**. Our aim is to **challenge, disrupt, and map** current practices and future forecasts of urban design.
